

Metals + Architectural Products

MóZ™ Tides Ocean Waves

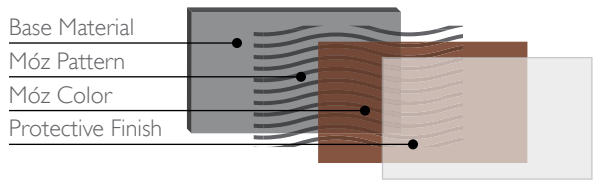

Hundreds of options in color and hand-etched pattern combinations result in distinctively beautiful metal finishes only available from MóZ Designs. Choose a variety of Architectural Products or Solid-Core Sheets to incorporate into your projects. Utilize our Design & Fabrication Services to meet your full custom design needs with our ability to roll, form, and fabricate our solid-core materials, plus expert project management services. All of our products are made in the USA.

Features

- Panels are 16-gauge solid-core aluminum (0.63" thickness) with a single curve.
- Sizes available: Standard: 12" and 16" heights in 32" and 44" lengths. For larger installations: 24" height by 56" length.
- Choose from any of our 25 colors and our 14 hand-etched patterns.
- Special finishes are available for Interiors, High Traffic Areas, and Exteriors, with gloss and satin options.
- Horizontal or vertical installation, or any angle in between
- Custom options available, from panel sizes, base materials, and color matching.

Touch the Ocean

Begin each day with a calming view of Ocean Waves, part of the Móz™ Tides series of modular panels for wall applications. Ocean Waves adds incredible dimension to spaces while easily complementing its surroundings.

Description

Our standard and most economical offering, the solid-core aluminum panels of Ocean Waves have a single curve and are available in sizes to accommodate many spaces. For intimate settings such as restaurants, lobbies, and lounges, panels of 12" and 16" high are available, in 32" and 44" lengths. For larger spaces such as atriums, convention centers, or airport corridors choose the 24" high by 56" long panel. The modular system allows you to extend panels in any direction, with the flexibility of a horizontal or vertical installation. Ocean Waves is both affordably priced and easy-to-assemble to save on labor costs and time to install. Custom features are available.

Uses

Móz Tides, Ocean Waves is a distinctive option for introducing the calm and movement of the ocean into Healthcare, Transportation, Corporate, Hospitality, and Institutional spaces, for remodels or new construction. Custom options such as perforated or stainless steel base materials, original Móz Blendz designs, or panels of different sizes showcase the versatility of Ocean Waves and its ability to fit within projects of every scope.
