

Interior Application / D5 / Coarse / Champagne / Chocolate

## What's Your Shade?

**Shades of MóZ** is a new collection of grid compositions created by overlaying translucent colors on etched metals. Fusion of form and color creates additional shades producing a new work of art with every color and grid selection.

*The possibilities are endless.*

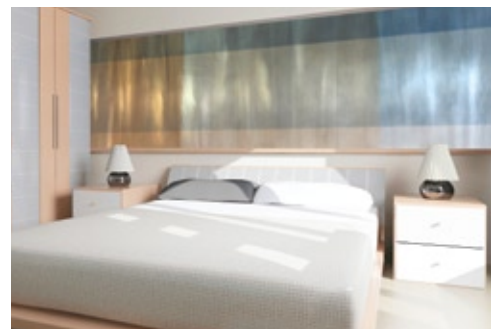

Móz|art is the perfect accent to any decor. The light reflective characteristics of metal covered with translucent color produces an amazing product only available from MóZ Designs.

Become the artist and create your own signature artwork. Combining two colors creates multiple shades and new colors. Explore our Mondrian-Inspired collection of grid compositions.

Available in 20 different grid compositions. Custom sizes and custom grid patterns are available.
