Our vibrant, holographic metals are available in a variety of colors, patterns and special finishes. MóZ standard 0.040" aluminum comes in 48"x96" and 48"x120" sheets. Perforated metals are also available. Please visit our website for larger samples, various pattern/color combinations and downloadable PDFs.

*Colors shown in Waves pattern*

Móz Metals are handcrafted, no two sheets are alike and colors vary from lot to lot. Colors have been reproduced by offset printing and variations may occur between the actual color and the images shown. We recommend obtaining an actual sample of a finish before specifying.
