Móz solid core 0.040" aluminum comes in 48"×96" and 48"×120" sheets. Perforated metals are also available. Please visit our website to view patterns in full scale, various pattern/color combinations and to download PDFs.

Patterns shown in Clear finish and represent 1'×3' sheets

Móz Metals are handcrafted, no two sheets are alike. Patterns have been reproduced by offset printing and do not have the same appearance as our metals do. We recommend obtaining an actual sample of a finish before specifying.
