

Trims & Framing

for Móz Laminat sheets

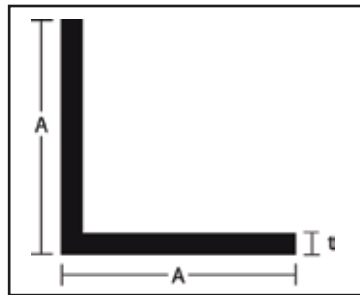

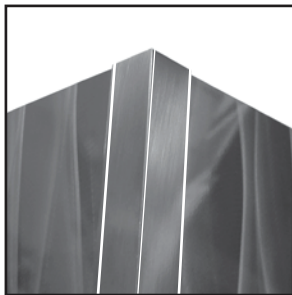

We offer three ways to complete an installation of laminate sheets with Aluminum Corner Guards, Flat Seam Trims and Edge Frame Trims. Trims are available in a plain brushed pattern with Clear or Classic Series color and Polycoat Gloss or Satin finish to match. Trims not available in Blendz Series colors. Instead choose a complimentary Classic Series color that best fits your design.

Please contact us for pricing, minimum orders and lead times.

All Trims and Framing items are sold in conjunction with Móz Laminat sheets and not sold separately.

· Aluminum Corner Trim

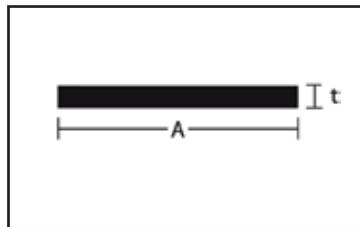

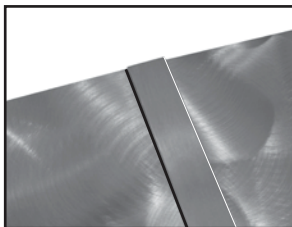

Great to cover corner seams and to avoid sharp corners.

(A) Width	(t) Thickness
1"	0.0625"
1.5"	0.0625"
Available in 8' and 10' lengths	

· Aluminum Seam Trim

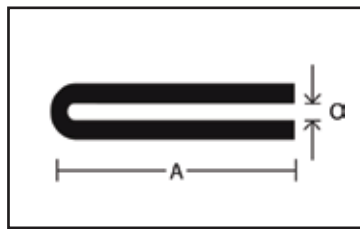

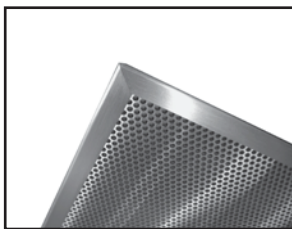

Covers non pattern-flowing seams, mostly used with directional patterns.

(A) Width	(t) Thickness
1"	0.125"
Available in 8' and 10' lengths	

· 3/4" Aluminum Edge Frame Trim

Covers serrated edges and sharp corners of perforated material.

(A) Width	(O) Opening
0.75"	0.125"
Available in 8' and 10' lengths
