Features

- Room Dividers available in a standard 3-panel kit in 5' and 8' panel heights. Each panel is 3' wide.
- Standard material thickness is .090" solid-core aluminum, solid or perforated
- Choose from any of our 25 colors and our 14 hand-etched patterns to decorate your panels. Select a Móz Blendz design for your project (solid aluminum only).
- Special protective finishes are available for Interiors and High Traffic Areas, with gloss and satin options.
- Includes all hardware and attachments – Posts, Grippers and Screws.
- Aluminum posts are 2" in diameter with a brushed finish.
