

# Móz Panel System - Terrace

Modular panels for Wall Applications

The MóZ Wall Panel System using a Terrace-type panel is an innovative approach to customized wall decor: Modular, ready-to-install kits save time and labor. Panels are made from recycled aluminum and can be decorated with the unique colors and hand-etched patterns only available from MóZ Designs.

### Diagram A

Sample Layouts: You can install Móz Terrace Panel System in different ways. Vary your panel widths for interesting effects.

### Layout A. Square Installation

This example uses 16, 24" x 36" panels.

### Layout B. Varied Installation

This example uses 4, 24" x 24" panels, 8, 24" x 36" panels.

## Decoration and Finish

All of our materials are specified with a color and a pattern. Móz Metals are available in 14 hand-etched patterns and 25 standard colors. Custom features: Blendz designs and brushed stainless #4. Please contact factory to specify a custom color.

Two types of protective finishes are available for your material including Polycoat or Exterior grade finish.

## Base Option

Depending on the installation of your product, a toekick, base or other treatment may be desired. Base treatment is only available in 18 ga. stainless steel and is a direct apply product. You may specify a pattern and color for the base to match your product.
